

# Tactical Casualty Care for the Executive Protection Specialist

The course certifies the EP Professional in CPR/AED/Basic First Aid as well as advanced bleeding control and airway management techniques for emergent medical situations when in the field.

## ATTENDEES WILL...

- ✓ Understand the rationale for immediate steps for **hemorrhage control**, including external control, direct pressure & **wound packing**, early use of tourniquet for severe hemorrhage, internal control by **rapid evacuation** and **transportation** to major hospital/trauma center.
- ✓ Demonstrate the appropriate **application of a tourniquet** to the arm & leg.
- ✓ Describe the **progressive strategy for controlling hemorrhage**.
- ✓ Describe appropriate **airway control** techniques and devices.
- ✓ Demonstrate the correct application of a topical hemostatic dressing (**combat gauze**).
- ✓ Recognize the tactically relevant indicators of **shock**.

*"It was very good – best training at a judicial conference ever! The speaker was excellent. The props and volunteers made it more hands on and made you feel it was doable. I would recommend this to everyone these days."*

King County Superior Court Attendee

*"This training is worth repeating. Initially I felt a lot of anxiety about a topic I'd rather not think about. However, I appreciate the subject so that I can think about being proactive should the situation ever arise."*

King County Superior Court Attendee

**Premier Risk Solutions** provides the best in class global protective, consultative and investigative solutions for organizations to adapt to evolving business objectives and allow for scalability and agility.
